

DM50 / DM55 Series Important Information, please read carefully

On the Rate Change Effective date...

As a result of changes to Royal Mail Services and for continued use of your machine, You should check / change your Job preset to ensure it reflects the latest Royal Mail updates. If you do not make the necessary changes, your Preset may not function as expected and could apply an incorrect tariff to mail pieces result in Royal Mail adding surcharges.

<p>This is especially the case where your Job preset contains information relating to a service that has changed or become obsolete.
