

HIGH VOLUME

U48 FRANKING MACHINE

HIGH PERFORMANCE MODULAR MAILING SYSTEM

MIXED MAIL FEEDER

Dynamic businesses count on smart productivity tools to do more than simply move the mail. FMC U48 takes mail processing to a new level of intelligence and delivers productivity at its best.

With state-of-the-art technology and myneopost online services under your control, you'll have the best-in-class solution to meet your demanding mail room needs.

Easy to use the highly capable U48 with whisper quiet operation is fast and efficient. Improving productivity, providing cost control with added reliability the U48 will enhance business opportunities and objectives in organisations where mail handling must be optimised.

U48 Benefits:

Pricing your mail:

- In-line weighing at 90 letters per minute automatically prices post by calculating size, thickness & weight up to 1kg.
- An accurate weighing platform reduces costly stamping errors and improves reliability of your mail deliveries.

Mixed mail feeder:

- Eliminates the need for pre-sorting mail by size.
- Processes & seals up to 150 letters per minute.

Full colour touch screen control:

- Intuitive and easy to use with no specialised training required.
- The fail safe rate wizard helps eliminate the wrong postage being selected so you never spend more on post than you need to.

Advanced reporting:

- Access in depth information on postal expenditure across your business.
- Understanding trends as they emerge helps decisionmaking, ensuring you optimise budgets and access all Royal Mail discounts.

Efficiency optimised:

- Smart Start technology eliminates keystrokes and saves time. Each time a mail piece is removed from the weigh platform, the system is set in motion
- Short cut keys deliver quick selection for operational efficiency
- Automatic setting of postal rate dies eliminates errors, ensures compliance and improves productivity
- Imprint memory feature offers direct access for fast recall
- Easy postal rate selection with fail safe Rate Wizard, quick short cuts, or select from most recently used rates
